Disclosures

- Only stocks and ETFs that are tradable in Lightyear can be transferred.
- Tax data from other brokerages cannot be transferred to Lightyear so please make a note of your cost basis before transferring.
- Transferring securities can take several weeks.
- Even though you do not see the securities in the custody account of your existing bank anymore, this does not automatically imply that the securities have been received by Lightyear. Lightyear will show the securities in your account as soon as they've been received by us.
- As the account holder, you must initiate the transfer with your current broker. Once Lightyear hears from your current broker, we can start coordinating the transfer.

By giving your signature, you confirm that you have taken note of the above points.

Please send the completed and signed form to the Lightyear Transfers at transfers@lightyear.com.
